Stan Sloan's AGGRAVATOR

Winner of the first Bassmaster Classic, 1971

Chosen by Wired2fish.com as the 4th most influential bait of all time!

HEAD COLORS:

- (A) White with Red throat, Red & Black prism eyes
- (B) Chartreuse with Red throat, Red & Black prism eyes
- (C) Bubble Gum, Red & Black prism eyes
- (D) Black Rainbow, Red & Black prism eyes.
- (E) Smoke Pepper, Red & Black prism eyes.
- (F) Pumpkin Pepper, Red & Black prism eyes.
- (G) Brown Pepper, Red & Black prism eye
- (H) Zorro Green Pumpkin
- (I) Watermelon

Aggravators available in four sizes 1/4, 3/8, 5/8 and 1 oz.

LONG-ARM AGGRAVATORS

Any Long-Arm Aggravator can be made with or without Rattles.

The Aggravator can be made with any blade finish or color.

- Nickel
- Gold
- Candy Apple Red
- Translucent Blue
- Translucent Purple
- Brown Pepper
- Black
- White with Red fire tips.
- Chartreuse with Red fire tips.
- Bubble Gum.
- Pumpkin Pepper
- Smoke Peppper

SHORT ARM AGGRAVATORS

- The aggravator is possibly the most vibrating spinner bait on the market today due to the design of the blades.
- The head is designed like our jigs with spurs under the skirt to hold plastic trailers.
- All heads are epoxy painted with double dotted eyes.
- Available in all head and skirt colors

"RATTLIN" SHORT ARM AGGRAVATOR

- The short arm weedless Aggravator spinnerbait is more versatile than the long arm spinnerbait.
- The short arm vibrates more than the long arm, is a better drop bait and slow roll bait.
- With the unique wire bend on the short arm, it allows you to retrieve fast, making a gurgling sound like a buzz bait.
- The short arm Aggravator has double stainless steel weed guards, spur under silicone to hold plastic trailers.
- Available in 3/8 oz.
- Colorado Blade
- Single nickle, gold, or painted blade

ALL AGGRAVATOR HEAD COLORS:

- (A) White with Red throat, Red & Black prism eyes.
- (B) Chartreuse with Red throat, Red & black prism eyes.
- (C) Bubble Gum, Red & Black prism eyes.
- (D) Black Rainbow, Red & Black prism eyes.
- (E) Smoke Pepper, Red & Black prism eyes.
- (F) Pumpkin Pepper, Red & Black prism eyes.
- (G) Brown Pepper, Red & Black prism eyes.
- (H) Candy Apple Red, Red & Black prism eyes.

PAINTED BLADES:

1. Candy Apple Red
2. Blue
3. Purple

SIZE: 3/8 oz 5/8 oz.

4. Black
5. Bubble Gum
6. White
7. Smoke Pepper
8. Pumpkin Pepper
9. Brown Pepper

HEAD KNOCKER BUZZ BAIT

- The 1/2 oz. Head Knocker is unlike other buzz baits because the blade actually hits the head causing a high pitch clicking sound you can hear as far as you can throw it.
- The Head Knocker is available in two sizes, and 7 blade colors.

HEAD COLORS

- (A) Black
- (B) Smoke Pepper
- (C) White
- (D) Chartreuse
- (E) Bubble Gum

SIZE: 3/16 oz. and 1/2 oz.

BLADE COLORS:

- | | | |
|---------------|---------------|---------------------|
| 1. Chartreuse | 3. Bubble Gum | 5. Smoke Pepper |
| 2. White | 4. Black | 6. Natural Aluminum |

ZORRO UMBRELLA RIG & NEW UMBRELLA RIG JR.

Agravator Umbrella Rig

- Designed to simulate a school of bait fish. It features five strong wires with swivels and snaps on a durable, tin head.
- The head features powder coat paint, molded prism eyes, and tinted throat.
- Features a skirt for added flash.
- Ready to attach your choice of spinner baits, swim baits, grubs or jigs.
- We recommend using our Zorro Weedless Heads.
- Our wire bends are unlike others on the market. They are specially designed for less vegetation hang-ups. 1 per package

'RATTLIN' AGGRAVATOR UMBRELLA RIG

- Our "Rattlin" version features our Zorro rattlers on each wire.
- Rattles are designed not to slip during use.
- Incredible sound for extra fish attraction.
- Only umbrella rig on the market with rattler attached to the wires.
- 1 per package

ZORRO UMBRELLA RIG "KEEPER"

- The perfect storage for your umbrella rig
- Keeps your umbrella rig in prime condition.
- Protects from wire damage and breakage.
- Sized to accommodate most all major brands.
- 1 per package

Bait not included.

*For Hooks
See Page 18*

Recommended skirt colors:

No. 32 Pearl with Blue - No. 38 Sexy Shad - No. 49 Blue shad Fishscale - No. 42 Ole Smokey - No. 79 It's a Keeper - No. 46 Blue Gill

TENNESSEE SHAD SERIES

"The Illusion Aggravator"

The "Tennessee Shad Series" is a totally new concept in spinner baits. It gives you the best of both worlds, and by that we mean:

1. You get the same flash as you would from your standard nickel or gold blades.
 2. Plus, each blade comes with red and black eyeball, red tinted throat, red gill plate, black shad dot, and five different color scale patterns (white, chartreuse, blue, and green).
- When you put this bait in the water, you get the colorful illusion of a shad minnow.
 - Available in 3/8, 5/8 and 1 oz. tandem willow leaf only.
 - Available Rattlin or Not Rattlin
 - All "Tennessee Shad Series" have nickel Colorado blade with scales and gold willow leaf blade with scales.

Listed below are six (6) available colors in the "Tennessee Shad Series".

Skirt Colors

Chartreuse: Colorado blade with chartreuse scales/ willow leaf blade with chartreuse scales.

Chartreuse and White: Colorado blade with white scales/willow leaf blade with chartreuse scales.

White: Colorado blade with white scales/willow leaf with white scales.

White, Lime and Chartreuse: Colorado blade with green scales/willow leaf with green scales.

Blue, White and Chartreuse: Colorado blade with blue scales/willow leaf with blue scales.

BLADES

Due to the high tech design and plating of the Stan Sloan blades, they create more vibration and flash than our competition.

- Available in #2, 3, 4, 5 & 6 Colorado and #4 & 5 Willow Leaf.

COLORS

Nickel	Bubble Gum
White	Gold
Black	Brown Pepper
Translucent Purple	Smoke Pepper
Translucent Red	Pumpkin Pepper
Translucent Blue	White Fire Tip
Chartreuse	Chartreuse Fire Tip

COLORADO #2, 3, 4, 5 = 5 PER PKG.
COLORADO #6 = 4 PER PKG.

WILLOW #4 = 5 PER PKG.
WILLOW #5 = 4 PER PKG.

NEW! BOOZA DOUBLE TROUBLE SWIM JIG

ZORRO

JIGS

From the Adrian Avena Jersey Boy Series

This heavy cover signature series swim jig was designed by FLW Tour Pro Adrian Avena. With a heavy 5/0 Mustad Hook, Dual Fiber Weedguard, and 30 Degree Line Tie, this swim jig will not only be virtually weedless, but fully capable of hulling big bass out of the thickest structure.

BOOZA BRUSH BUG

FEATURES:

- The new Booza Brush Bug features a double spur for the trailer collar to keep the skirt in proper position.
- Will not slide down the hook.
- Recessed eye to maneuver through brush better.
- It also features a 4/0 short shank nickel Mustad hook with horizontal eye for better hook-up.

WEIGHTS:

- Models available in 3/8, 1/2, 3/4

HEAD COLORS:

- Black
- Smoke Pepper
- Pumpkin Pepper
- Brown Pepper
- Zorro Green Pumpkin
- Watermelon

See page 19 for silicone skirt colors

CASTING BOOZA BUGS

FEATURES:

- The Booza Bug was designed for the serious tournament fisherman.
- It's unique head and hook (5/0 laser point, 28 degree pulling point) design with brush guard and spurs for plastic trailers makes it the most weedless bug on the market.
- NEW! We still have our original sizes in our Casting Booza but are now offering it in a 3/8 oz. Magnum 5/0 black nickel Mustad hook for the angler who wants a little larger hook for throwing a larger chunk or trailer.
- Head colors are Black, Smoke Pepper, Pumpkin Pepper, Brown Pepper, White, Zorro Green Pumpkin, and Watermelon.
- NEW! We are also adding a 1/2 oz. with a 5/0 black nickel Mustad hook for when you need more weight or on colder days for more depth.

WEIGHTS:

- 1/8, 3/16, 1/4, 3/8 oz.
- NEW! 3/8, and 1/2 oz. Magnum series also available.

See page 19 for silicone skirt colors

"RATTLIN" CASTING BOOZA BUGS

FEATURES:

- The Rattlin Booza Bug features our snap on rattler.
- To ensure a quality bait, all rattlers are epoxied on to ensure it never breaks or falls off.
- The epoxy process has 2 benefits for the bait: The rattler completely surrounds the hook shank to ensure lasting quality. The epoxy sets the rattler back to give better spacing for the skirt to adhere. This feature locks the skirt.
- The Rattlin-Flippin model booza bug was designed for the serious tournament fisherman.
- It's unique head & hook (5/0 micro point, 28 degree pulling point) design with brushguard, makes it the most weedless Flipping booza bug on the market.
- NEW! Due to angler request we are now offering the same great jig in the original bronze hook, but are also offering it with a new black nickel Mustad hook.

WEIGHTS:

- Rattlin models available in 5/16 oz. with 4/0 hook, 7/16, 9/16, and 1 oz with 5/0 hook.

HEAD COLORS:

Black, Smoke Pepper, Pumpkin Pepper, Brown Pepper, Chartreuse, White, Bubble Gum, Zorro Green Pumpkin, Watermelon

See page 19 for silicone skirt colors

CASTING FOOTBALL

FEATURES:

- The new Casting Football Jig is great for casting in deep water and ledges.
- They are available in wire or fiber weed guard.
- They feature our new black nickel Mustad hook.

WEIGHTS:

- Casting models come in 1/4 oz. with 3/0 hook,
- 3/8 oz. with 4/0 hook, 1/2, 3/4, and 1 oz with 5/0 hook.

HEAD COLORS:

Black • Smoke Pepper • Pumpkin Pepper • Brown Pepper
Zorro Green Pumpkin • Watermelon

“RATTLIN” FOOTBALL

FEATURES:

- The new Casting Football Jig is great for casting in deep water and ledges.
- They are available in wire or fiber weed guard.
- They feature our new black nickel Mustad hook.

WEIGHTS:

- Casting models come in 1/4 oz. with 3/0 hook,
- 3/8 oz. with 4/0 hook, 1/2, 3/4, and 1 oz with 5/0 hook.

HEAD COLORS:

Black • Smoke Pepper • Pumpkin Pepper • Brown Pepper
Zorro Green Pumpkin • Watermelon

ZORRO FOOTBALL HAIR FLY

FEATURES:

- Our Zorro Football Hair Fly features our football head, black nickel Mustad hook, and wire weed guard.
- Hand tied with quality craft hair and color coordinated head

WEIGHTS:

- 1/4, 3/8, 1/2, 3/4
- 1 per package

HEAD COLORS:

Olive/Orange • Olive • Brown/Orange • Brown • Black • Black/Blue
Black/Red • Black/Chartreuse

BOOZA HEAD SHAKERS - 4 per package

FEATURES:

The Booza Head Shaker is a shakey head that has been derived from the famous Booza Jig. The head allows the angler to tell exactly what he is fishing and the bottom composition. The head design also allows whatever bait used to stand up and shimmy like no other while being fished.

WEIGHTS:

• 1/8, 3/16 & 1/4 oz.

HEAD COLORS:

Unpainted • Black • Zorro Green Pumpkin • Smoke Pepper • Brown Pepper • Pumpkin Pepper • Watermelon

BOOZA WHIPLASH

FEATURES:

- The new Booza Whiplash features a loosely attached Gamakatsu hook paired with the famous Booza head.
- Soft molded 3D prism eyes.
- Two ways to fish, easy to rig for flipping soft plastics or can be used for dragging bottoms.
- Allows plastic bait to move freely while rigging weedless.
- Sold in packages of two.

WEIGHTS:

• 1/4, 3/8, & 1/2 oz.

HEAD COLORS:

Zorro Pumpkin Green • Black

BOOZA HAIR FLY

FEATURES:

- Our Booza Hair Fly features our weedless Booza head with nickel Mustad hook and wire weed guards.
- Hand tied with quality craft hair in a wide range of popular fish catching colors.
- Features a spur for your favorite trailer.
- Each color features a special color coordinated head.

WEIGHTS:

• 1/8, 3/16, 1/4, 3/8, 1/2.

COLORS:

Olive/Orange • Olive • Brown/Orange • Brown • Black • Black/Blue • Black/Red • Black/Chartreuse

WEEDLESS HEADS

FEATURES:

- All heads have new 28 degree hook.
- Wire diameter is smaller, but forged for easier hook set.
- Every head has spur to help hold plastic trailers.
- Fishermen claim this is the best designed jig on the market today because of it's weedless design made possible by it's hook and head design.
- All heads have stainless steel double wire weedguards.

WEIGHTS:

- 1/8 oz., 3/16 oz. & 1/4 oz. unpainted or painted - 5 to pkg.
- 3/8 oz. , 3/8 magnum, and 1/2 oz. unpainted or painted - 3 to pkg.

COLORS:

Black • Zorro Green Pumpkin • Smoke Pepper • Brown Pepper • Pumpkin Pepper • Watermelon

WEEDLESS UMBRELLA RIG HOOKS

Features our famous Booza Head

The wire weed guard allows you to throw around cover with less hang-ups, but wires have flexibility for hook-up when fish strike.
Rig with your favorite baits; such as swimbaits or grubs.

Sizes:

- 1/8 with 4/0 or 5/0 Hook
- 3/16 with 4/0 or 5/0 Hook
- 1/4 with 4/0 or 5/0 Hook
- 3/8 with 4/0 or 5/0 Hook
- 1/2 with 5/0 Hook

Colors: Unpainted, Black, Smoke, White

THE ZORRO SPOON

For Bass or Walleye

- Sizes: 1/2 oz. 3/4 oz.
- 3 per package
- Fast action
- Fluttering

FEATURES:

- The new lifelike Ninny Craw was designed to be the perfect trailer bait for Stan Sloan's Ninny Fly.
- This versatile Ninny Craw can also be fished on a hair jig, such as the Weedless Booza Fly, or a rubber jig, such as the Weedless Booza Bug.
- Another great idea is to fish the Ninny Craw on a Texas or Carolina Rig.
- The Ninny Craw comes in 14 dynamic solid with flakes and laminated with flakes colors.
- Besides being versatile and having a wide range of colors, the new Ninny Craw is the perfect replacement for the much more expensive pork rind products.
- The Ninny Craw is just another one of the many innovations to the fishing tackle industry by Stan Sloan's Zorro Bait Company.

2 INCH NINNY CRAW COLORS (BAG OF 20)

Solid Colors with Flakes

1. Pumpkin Pepper (Black Flake)
2. Pumpkin Pepper (Green Flake)

| 3. Pumpkin Pepper Red | 6. Plum Blue Flake | 9. Blue Black Flake | |

FEATURES:

- The Wesley Strader Signature Series Bango Blade is a highly effective and versatile spinnerbait. The thinner wire offers more vibration. The minnow-shaped head allows you to throw a much smaller bait to deeper depths.
- The thin-profiled head design allows the bait to work through grass and wood cover much more effectively.
- This bait also performs as a great burner blade for those situations that call for a high rate of retrieve, and with the keel-head design, you can be assured it will run straight and true!
- Designed by FLW Walmart Pro Wesley Strader with Stan Sloan's Zorro Bait Company.

WEIGHTS:

- 3/8 oz., 5/8 oz., and 1 oz.

SKIRT COLORS:

Black • Black & Blue • Blue & Red • Blue Gill • Chartreuse & White • Tennessee June Bug • White

Free Shipping on any orders of \$500 or more.

Free Shipping plus 10% off any orders of \$1000 or more.

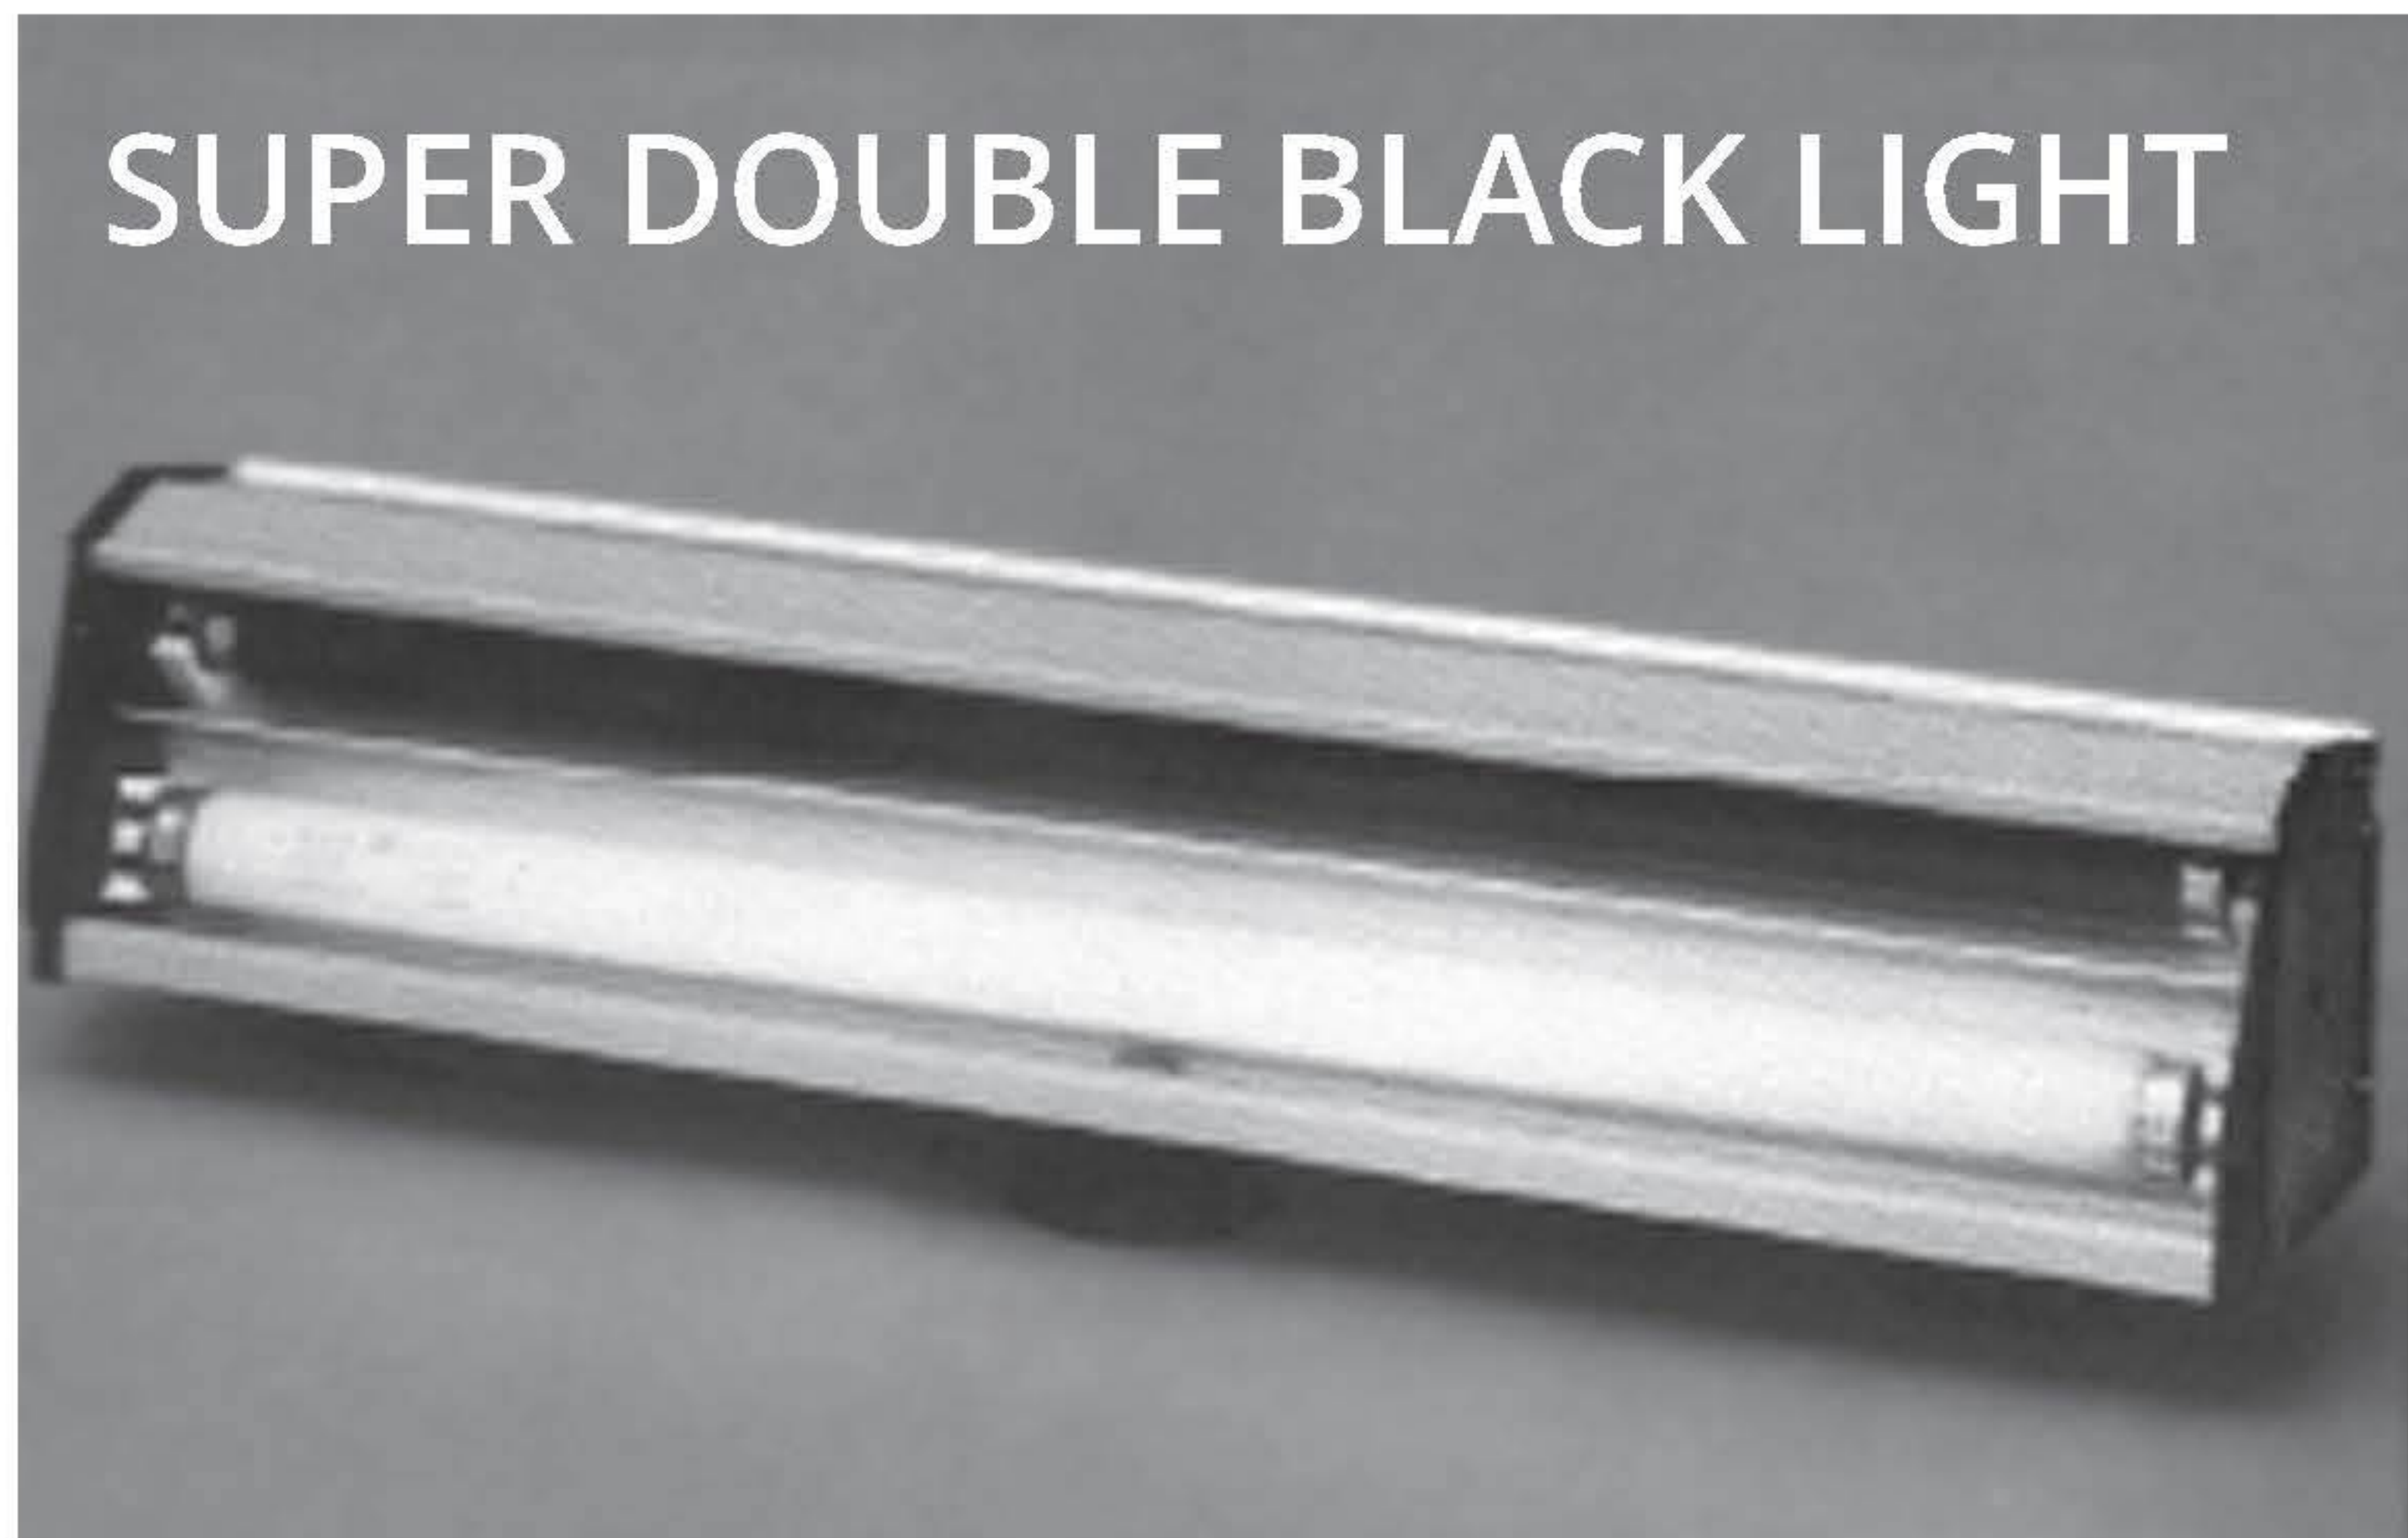

THE "FLIP TOP" BLACK LIGHT

Suction Cup Models

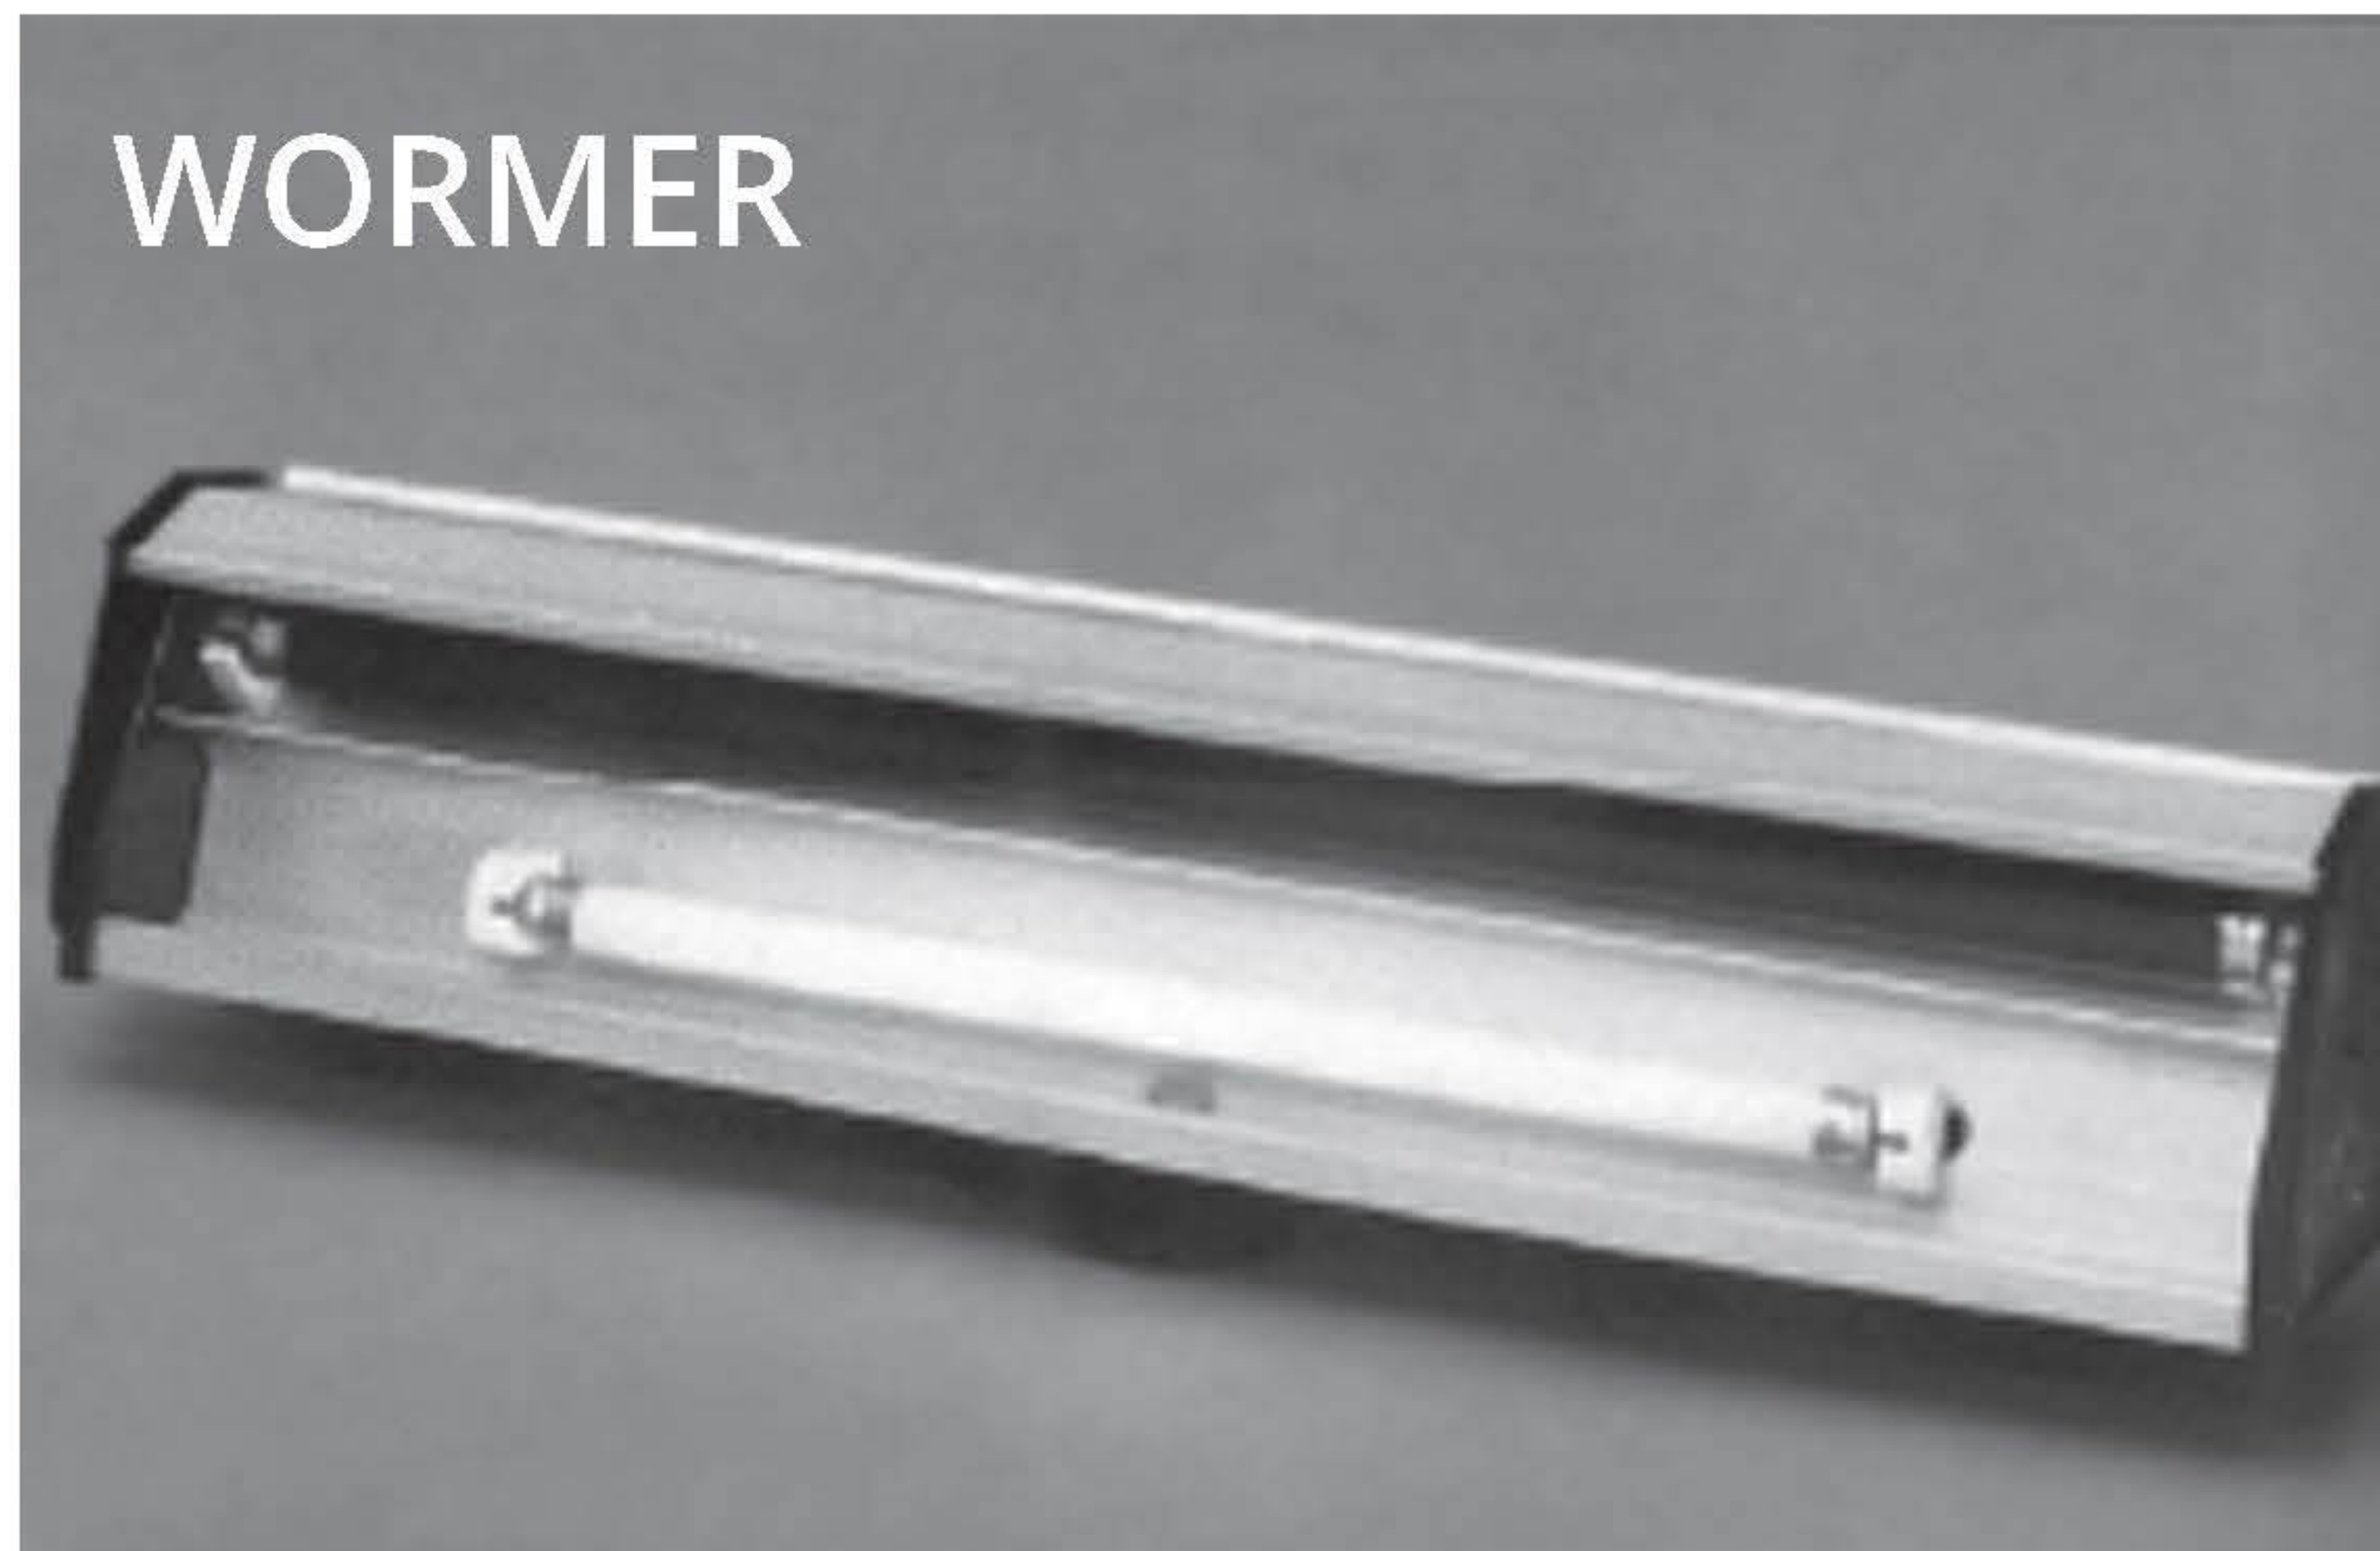

Turning on other light sources has been eliminated by the Flip Top feature (available on all black light models) that gives you enough light to retie with one simple movement of the shield. Never leave your seat or bend over the side of your boat again!

SUPER DOUBLE BLACK LIGHT

Two lights in one. The top light illuminates the line while the bottom light lights up the bank and line.

WORMER

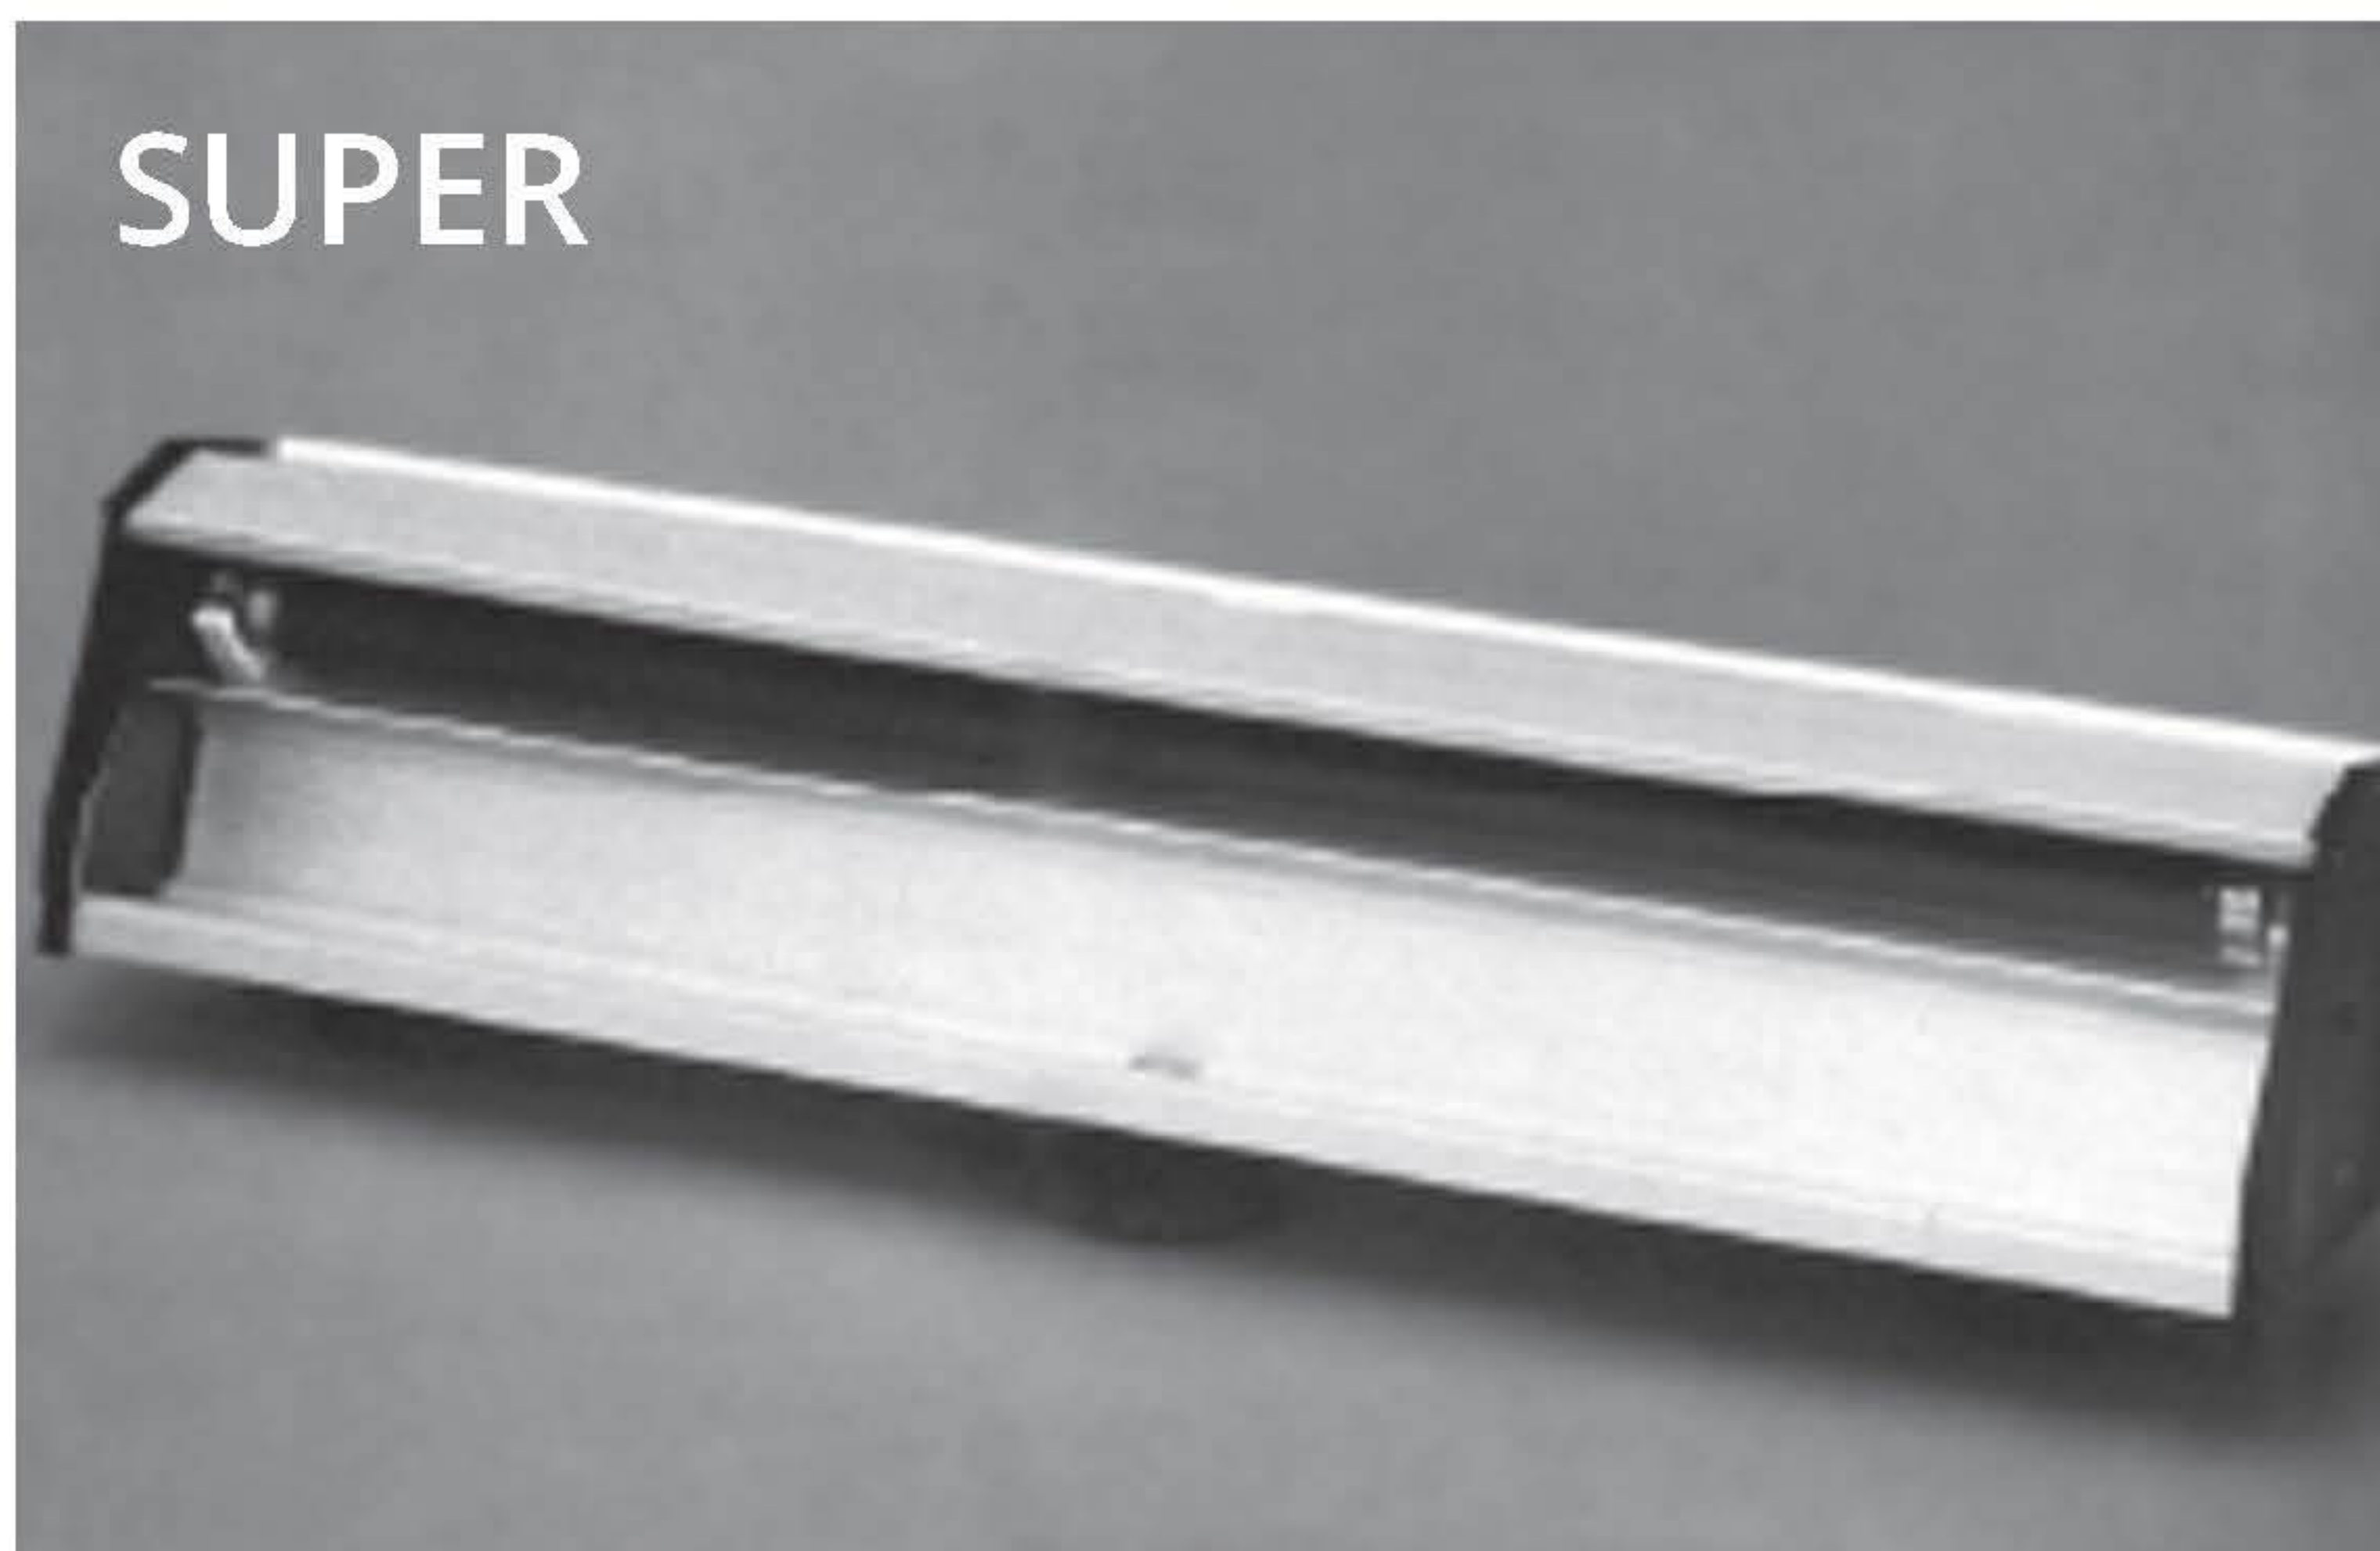

This model lights up your entire fishing area, yet still emphasizes the line for you to see the slightest hit.

PIGGY-BACK

The Piggy-Back is like the Wormer, but the degree of white light is controlled with a built-in rheostat.

SUPER

An old standard with a new look for the fisherman who wants the black light only

Features: Ruggedly constructed satin anodized aluminum finish, three special made two-inch suction cups for better hold and stability in the roughest water, lens for protection and durability, lock-in bulb sockets, double switches on the wormer and double models that allow bulbs to work independently of each other with the use of one super strong ballast. Top switch must be in "ON" position for unit to work, while bottom switch allows for independent use of bottom light. (PATENTED ballast) Flip top can be removed for camping lights or any one of a dozen other uses.

ZORRO DOCKING HEADLIGHTS

100,000 candlepower each

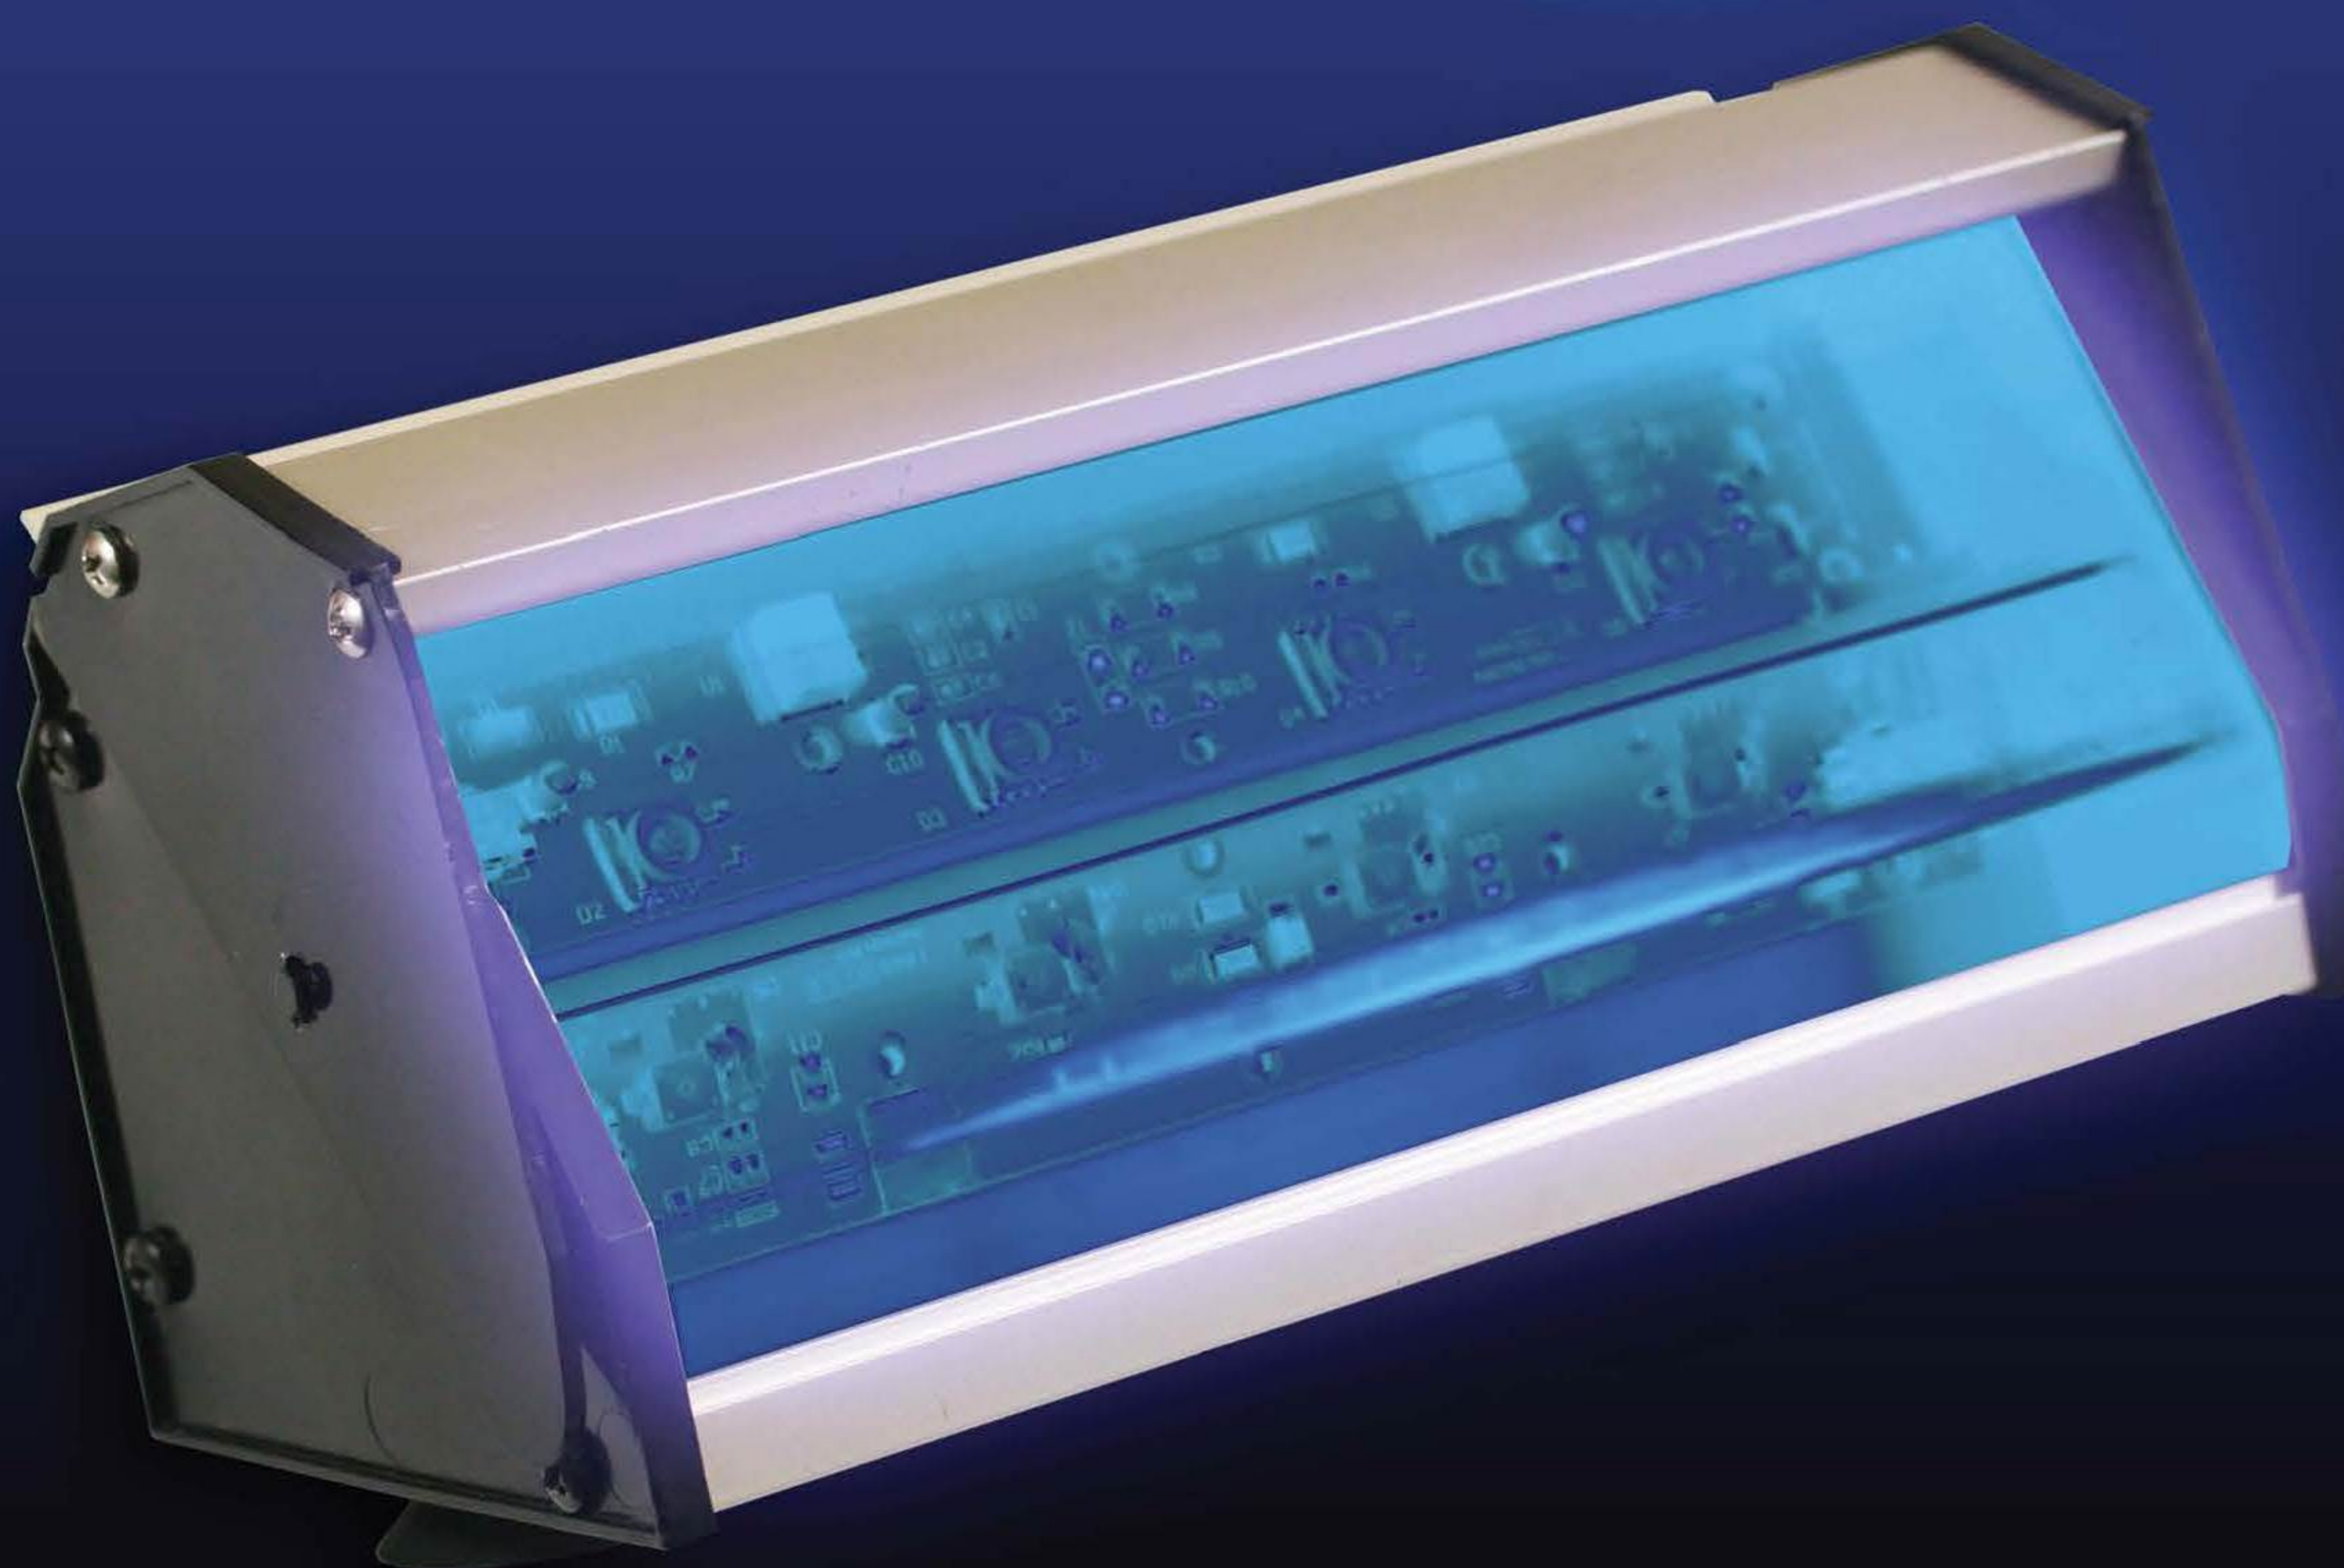

LIGHTNIN' BUG LED BLACK LIGHT

Lightnin' Bug

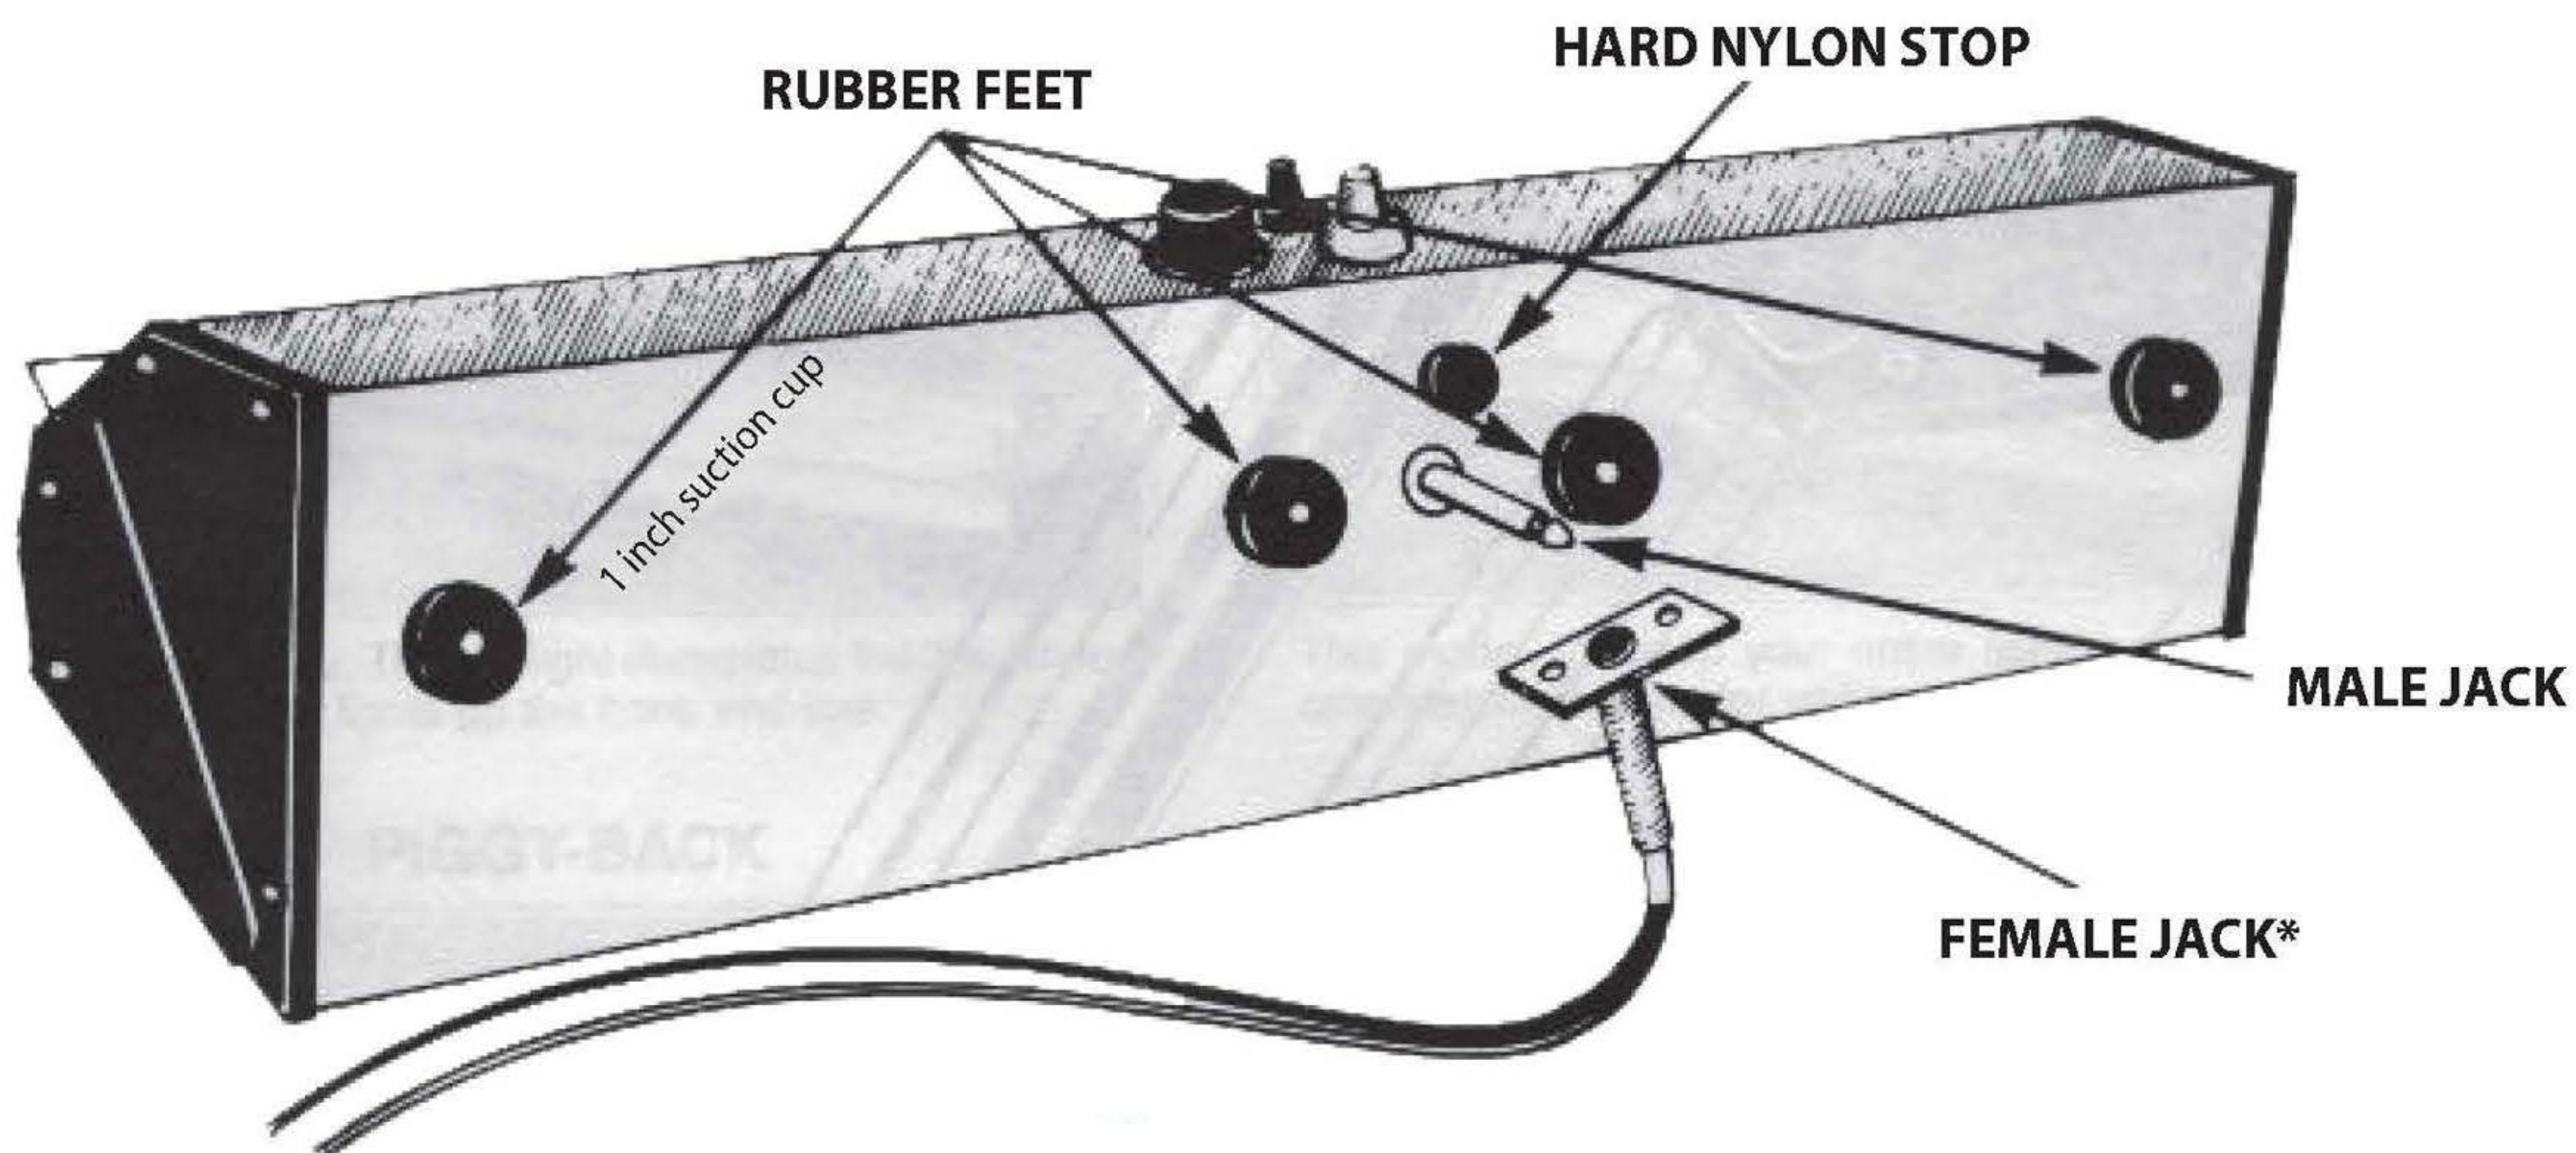

LED BLACK LIGHT

MADE IN U.S.A.

We are very excited about our new LED BLACK LIGHT. Our new LED black light features the same rugged construction as all of our original black lights. It features our satin anodized aluminum finish, 8 inch case with 2 suction cups for stability in rough water, our durable lens for protection and double switch that allow the lights to work independently of each other. It features two lights in one, the top light illuminates the line and the bottom light illuminates the bank. The only LED on the market that comes with a rheostat to control light level. so many lights on the market are throw-away models. Our light is totally repairable if a problem arises. We have tested our new light against lights currently on the market and our new LED light out-performs anything currently being sold.

- All of our lights are made with a flip top allowing you to retie without turning on any other source of light. Simply flip the top to redirect the light. A REAL TIME SAVER!
- Ruggedly constructed satin anodized aluminum finish.
- A lens for protection and durability.
- Lock-in bulb sockets.
- Double switches on the Wormer and Double models to allow bulbs to work independently of each other with the use of a single super strong ballast (PAT.). Top switch must be in "ON" position for the unit to work, while the bottom switch allows for independent use of bottom light.
- The cordless black light is a versatile adaption of Stan Sloan's original black light. The cordless version features four rubber feet and a stop on the case bottom. These items allow the light to remain level on the goat gunwale and swivel 30 to 40 degrees each way. In addition, the light comes with two female jacks for mounting in the starboard and port rails of the boat. The male jack in the light case allows easy connect, disconnect and movement from one rail to the other.
- To mount female jacks with stainless steel plates, drill five-eighths inch (5/8") hole in each rail and screw plates to rails. Each female/plate assembly comes with two feet (2') of wire (red-positive, black-negative) for easy splicing to existing boat wiring. We recommend use of an in-line fuse to protect your light.
- When light is removed from boat, please insert plastic cap (furnished) in female jack to prevent moisture.
- The cordless version comes in three models -- piggy back, super double and wormer.
- To increase the life of the female jacks, mount a switch so power can be turned off when not in use.

BLACK LIGHT FEMALE JACK KIT

Kit Includes 2 jacks, mounting hardware and 2 black caps and instructions

New packaging for store display = more sales

Other available black light items:

Black caps - 2 per package

Replacement bulbs

Flip tops

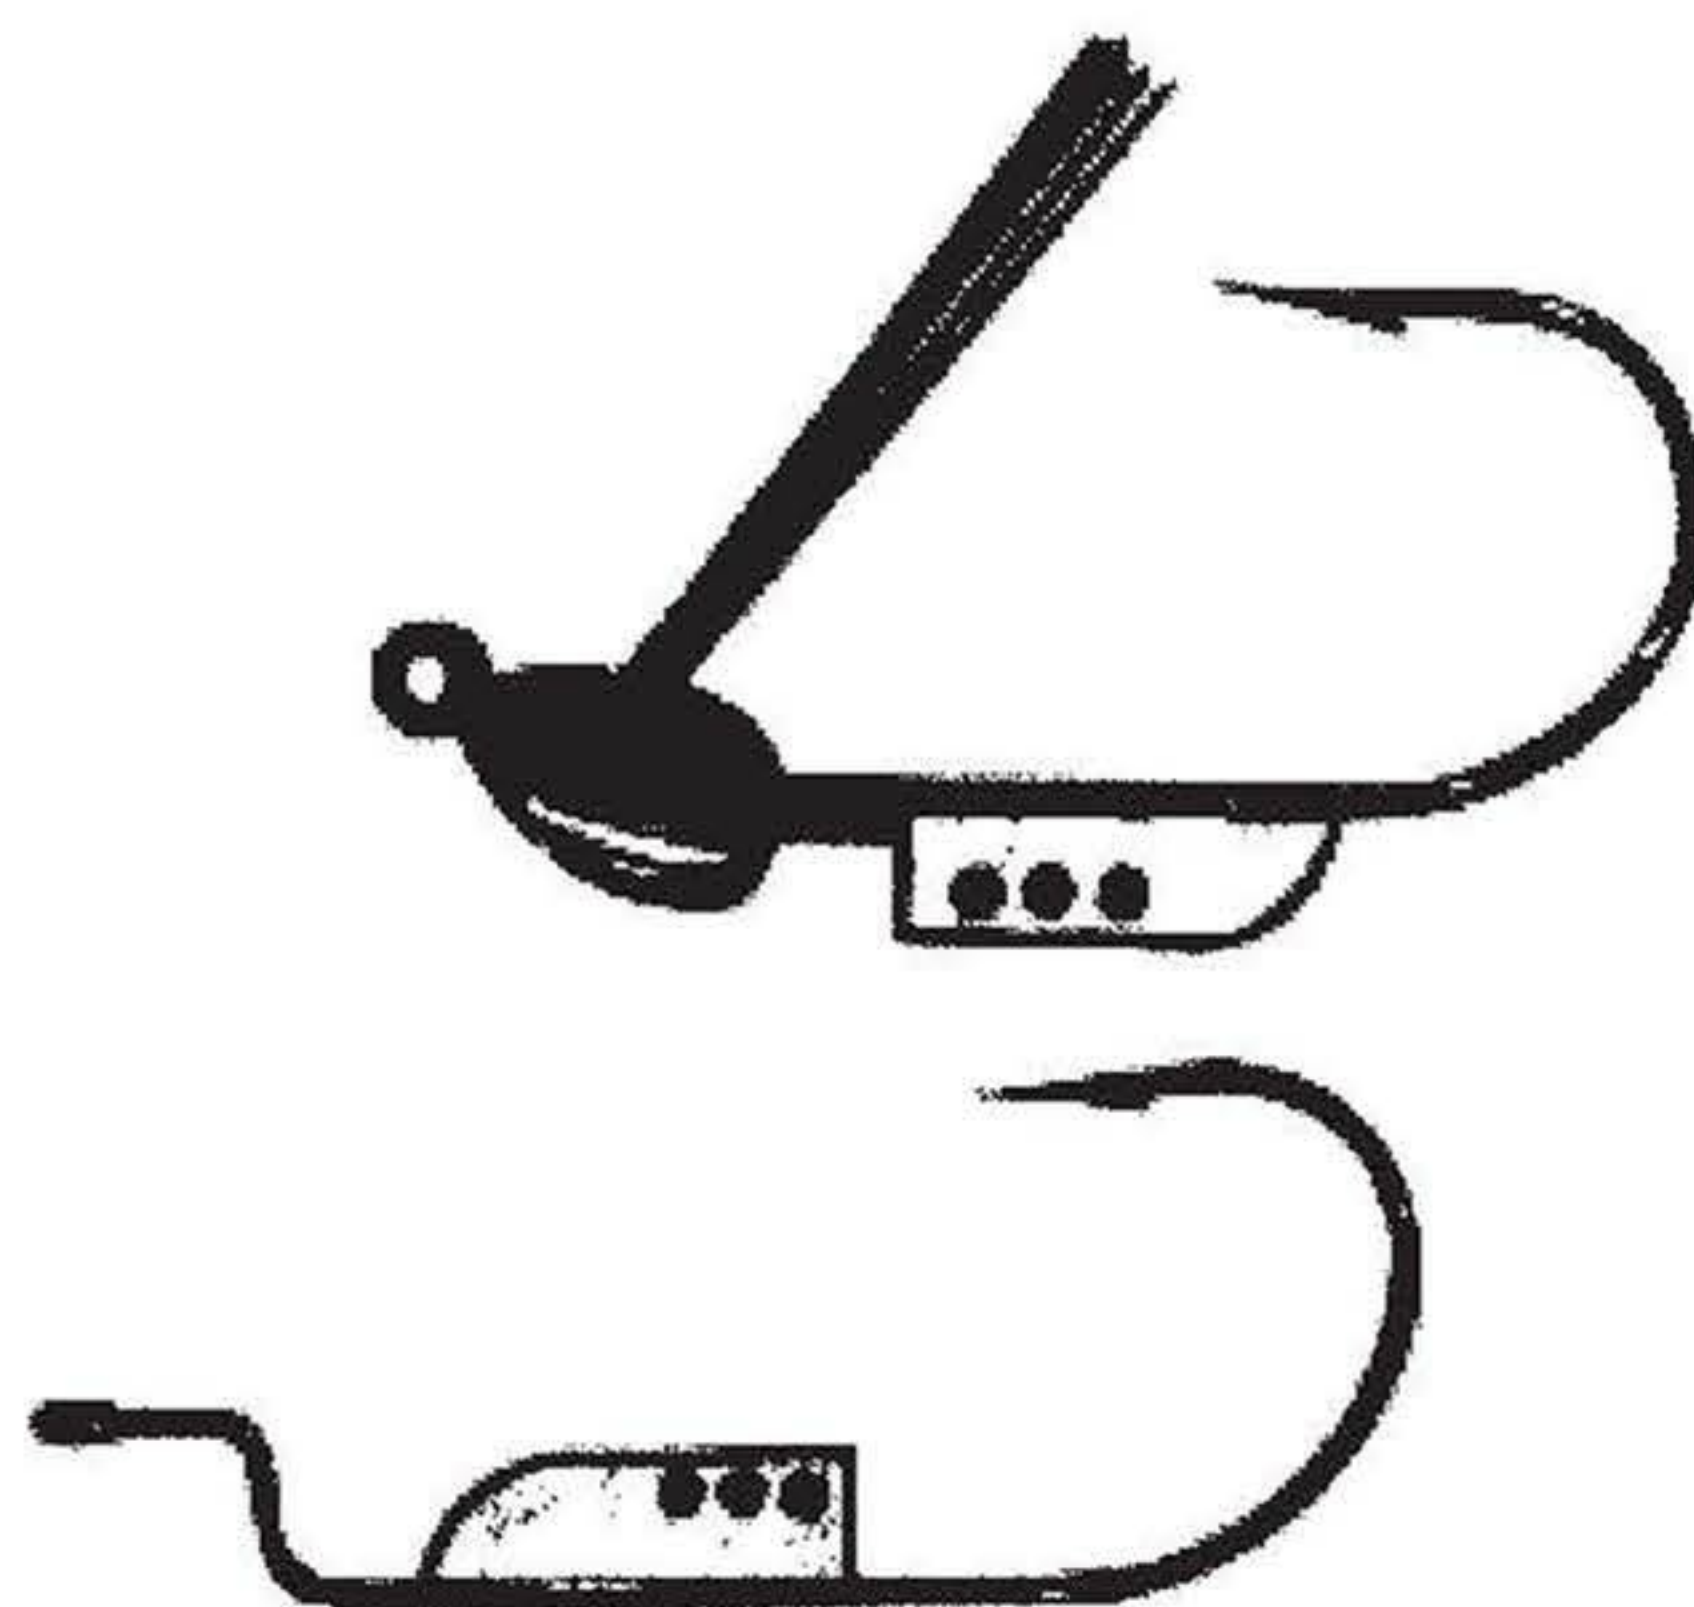

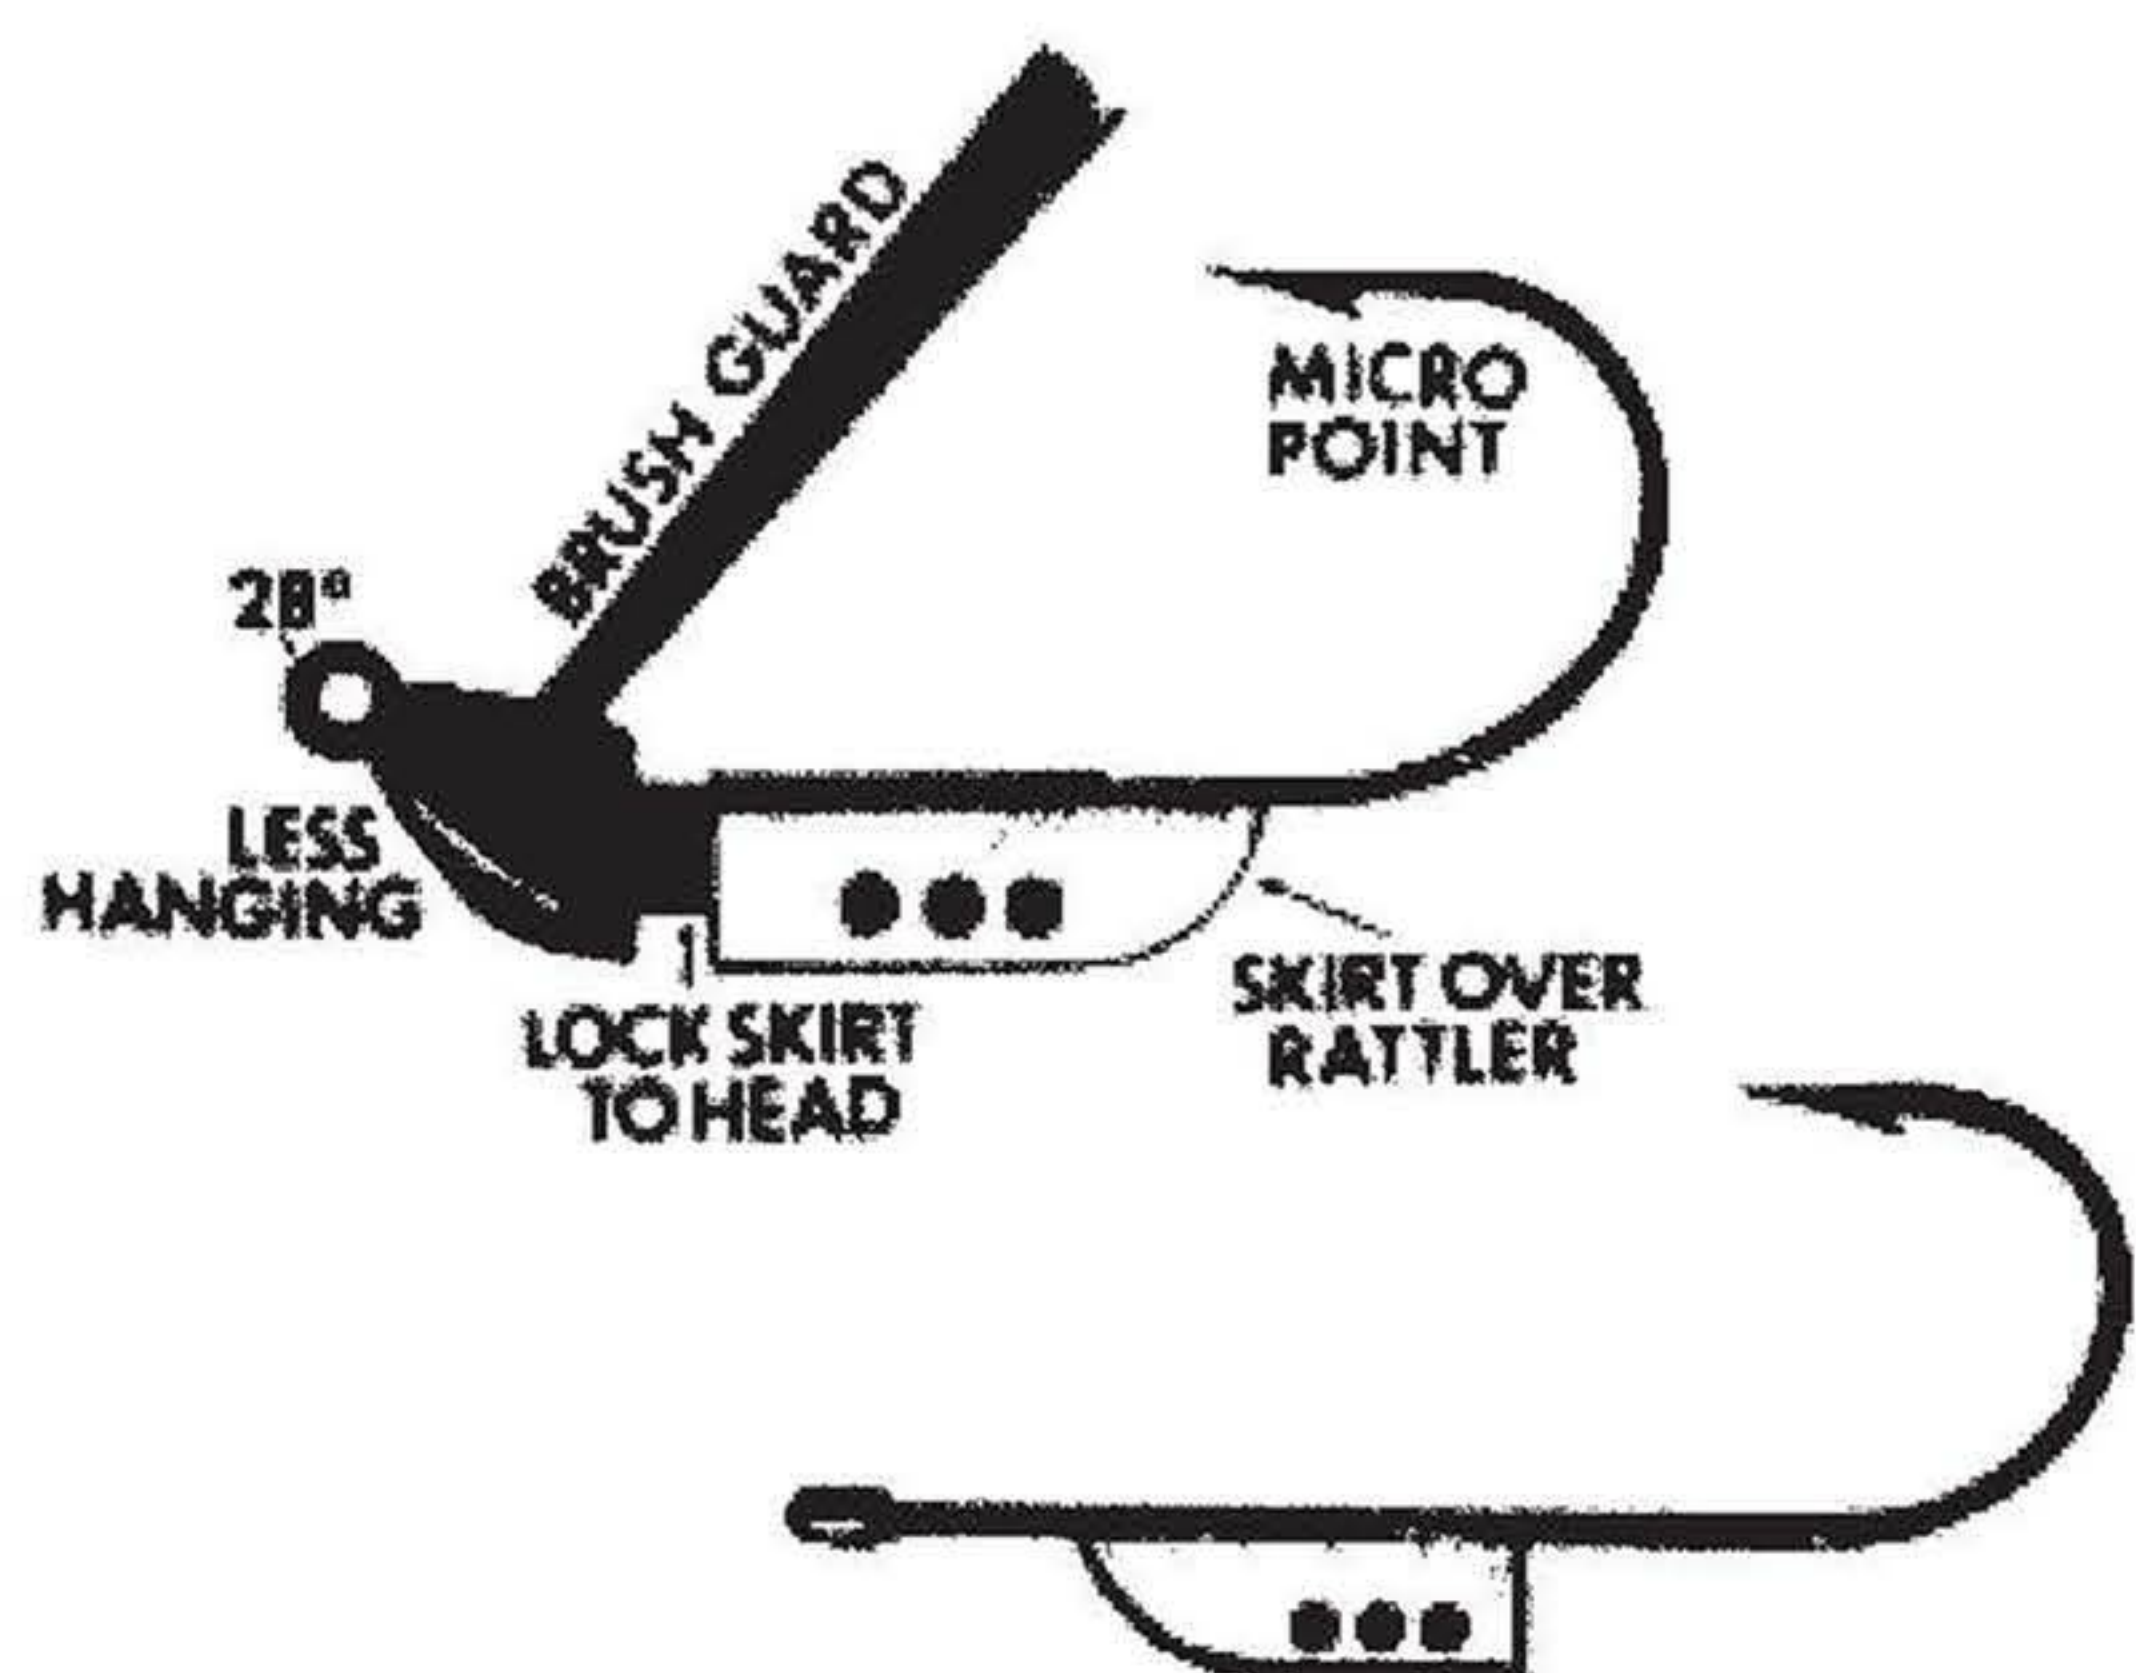

Lens

Suctions cups

Black light rail plates

RATTLERS - 10 per package

Stan Sloan's Rattlers come in 2 different versions. These 2 versions have more applications than other Rattlers on the market today. The Spinner Bait version is on all the new Rattlin Aggravators, but it has many other uses as well. By simply sliding the rattle up your line, sound can be put to any lure chosen. This makes it especially effective on Texas or Carolina Rigs.

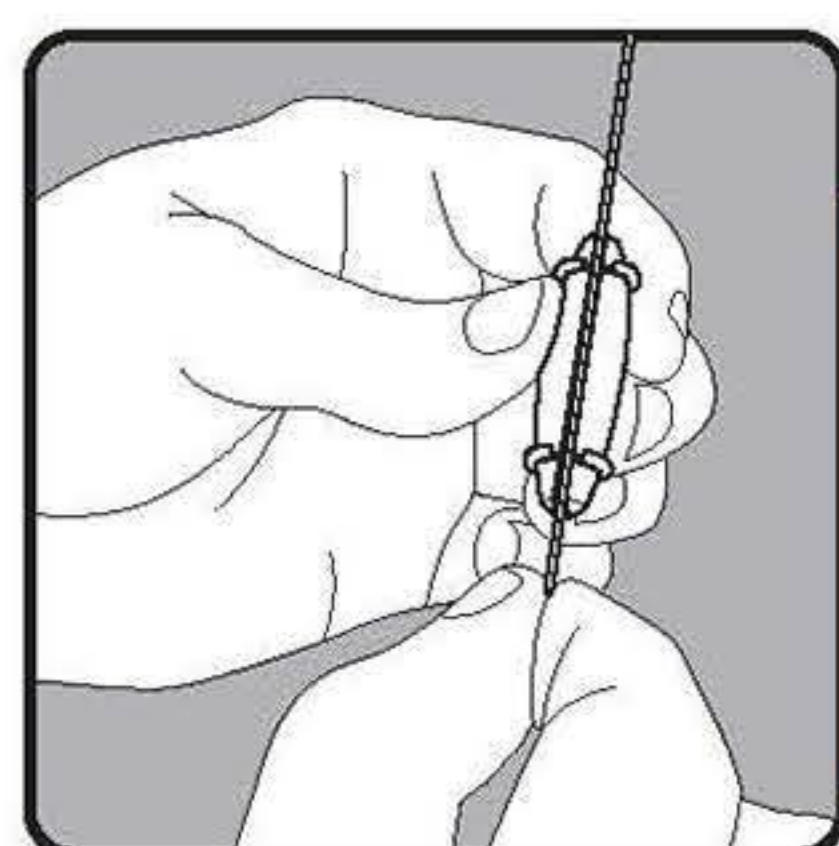

The Jig version simply snaps on any hook shank. This rattle is used on all the new Rattlin-Flippin Booza Bugs. When using this version, Stan recommends using some type of epoxy to secure the rattle.

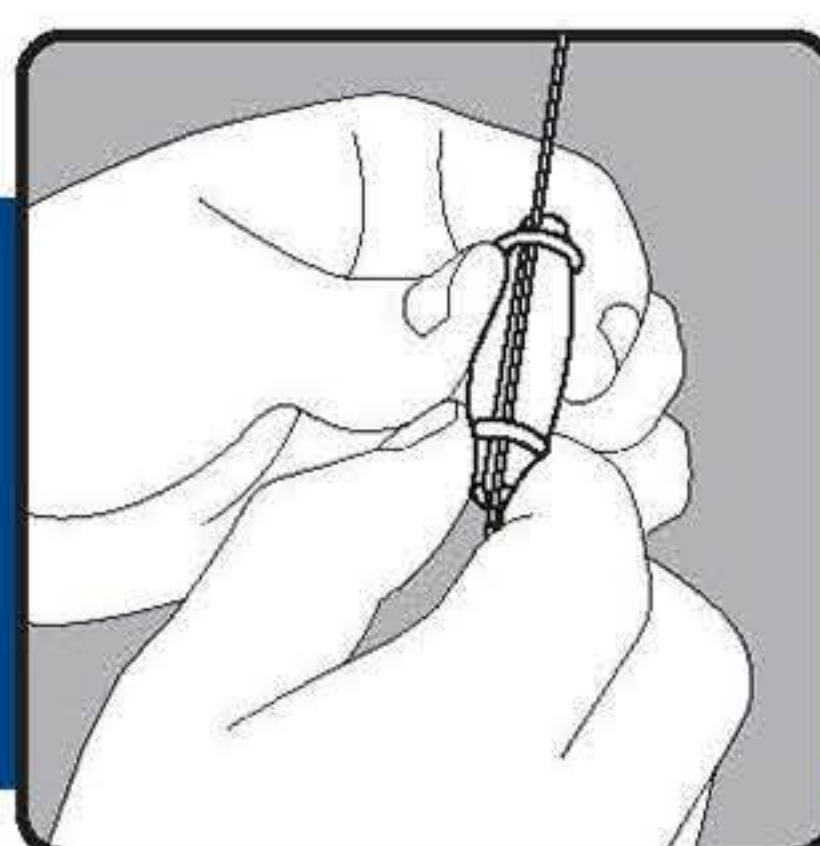

All of Stan Sloan's Rattlers are sonic welded and are water pressure tested to a depth of 80' before being used on our lures or sold separately in packages.

ZORRO PLUG KNOCKER

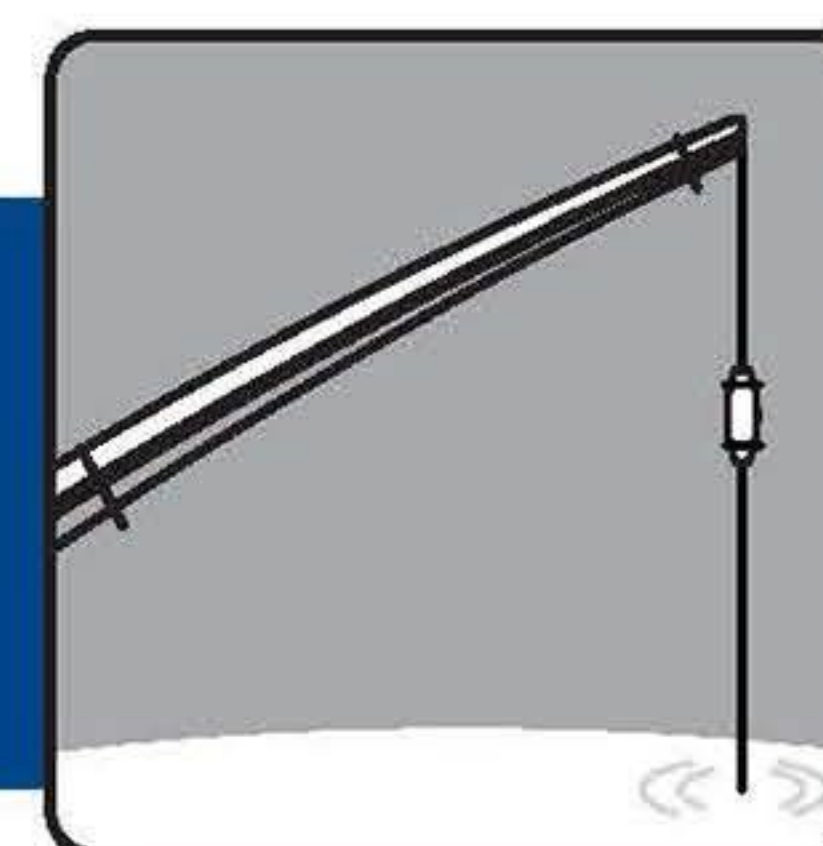

Our new Zorro Plug Knocker is great for knocking any type or size bait loose. We have personally tested this product for several years and it works better than any we have ever used. They come in individual packaging (2 per package) with instructions for use. At the attractive low price every angler will want them for their tackle box.

**Insert line
into groove**

**Twist washers
to secure
knocker**

**Release
knocker
directly above
bait**

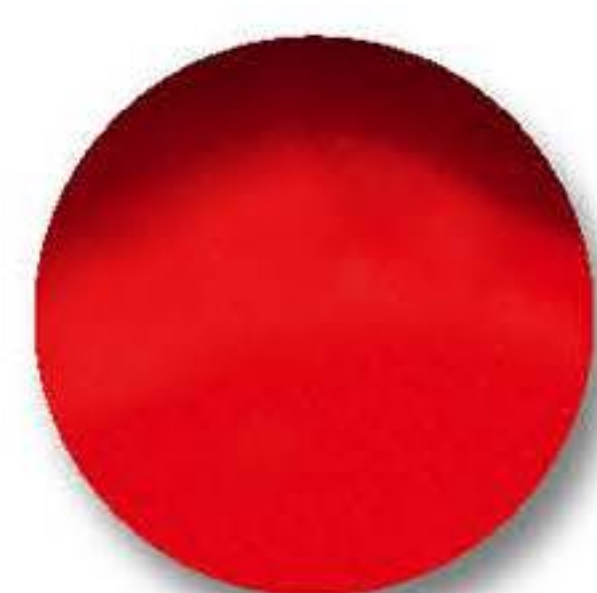

POWDER PAINT - 2 oz bottle

For the angler who likes to paint his own heads, spinnerbaits, blades, etc., all you need is a small propane torch or a simple cigarette lighter. First, you may want to pour powder into a large container and make sure powder is loose. Light propane torch and turn down as low as possible. Place lure in front of flame for about 4 to 5 seconds. Once this is done, you simply dip metal part of lure into powder for a second, remove and shake excess powder off by tapping on side of container. Take a toothpick or wire to punch hole in eye of hook. Allow to cool. Powder paint cured 100% is the hardest, most durable paint you can use. To cure, you should rack lures or parts, place in 400 degree oven for ten minutes, then remove. Allow to cool. They are now ready to use. To paint lures with fiber or plastic weed guard, place in 225 degree oven for 20 to 25 minutes. This 2 oz. bottle of powder paint should paint 500 to 750 lead heads. Do not expose to direct sunlight or heat (over 75 degrees F) for extended periods of time. This may cause powder to get hard.

General Health Hazards: Keep out of reach of Children. Treat as nuisance dust, avoid inhalation. If exposed to skin, wash all areas with water and mild soap.
